

NICK LUNN FOR JCR VICE PRESIDENT

Hi, I'm Nick and I'd love to be your Vice President next year. Below are some reasons why I think you should vote for me, and a few ideas I have for the future...

Democracy in our JCR

As decent levels of participation in JCR Democracy are vital for our undergraduate community, I will endeavour to:

- Organise the Agenda for meetings so that the issues which matter the most to JCR members are put at the beginning to stop people being put off by long meetings.
- Improve advertising of JCR meetings – I will use the skills I have developed as Publicity Secretary of the European Affairs Society to produce colourful, eye-catching, motion-orientated posters for each JCR meeting.
- Produce a JCR Facebook group and a Facebook event for each meeting.

Experience

- As LGBT rep, I already have experience on the JCR committee.
- At school I was a Prefect and Head of the Sixth Form Council, so I'm used to organising (and minuting) meetings, doing Open Days and working in a team.
- Over the holidays I worked in data entry and admin, so I feel competent when it comes to the administrative work expected of a Vice President.

Interviews and Room Ballot

- This year, when helping at interviews I heard some candidates complaining that there was nothing to do while they were here. Last term I attended a Henna Evening with the Art Soc, which I found thoroughly relaxing- a similar event would be perfect to help de-stress interviewees.
- This year, for the first time, interview helpers were rewarded with a token gift of £50 worth of Borders vouchers- I will push for college to award the same amount in cash next year.

COMMITTED, OUTGOING, COMPETENT.
